Religion that God our Father accepts as pure and faultless is this: to look after orphans and widows in their distress and to keep oneself from being polluted by the world. James 1:27

From Daniel Edeh of MoM:

Beloved,

Baby Emmanuel Maha (above) was born March 4, 2017. His mother died the same day as a result of post-partum hemorrhaging. This tragedy might have been avoided if she had had medical attention; hence, our quest to make a little difference.

Her baby was brought to Ministry of Mercy Orphanage, Otutulu the same day for his upkeep.

We are prayerfully planning to start the skeletal services of Ministry of Mercy Medical Centre as from Saturday, March 25, 2017. We are so excited about this development.

One of the rooms in our medical centre

Please pray along with us that the Lord of Heavens will go before us as we rise against maternal mortality. Pray that our services will make a difference no matter how little. We wish no woman should die in the process of giving birth to life.

Pray that through the services of MoM Medical Centre, children, especially zero to five years, will be able to receive the medical attention they, too, so much need.

Thank you for your love, prayers, and gifts!

For all the children,

Esther Nordman
