

Ministry of Mercy Updates

August, 2018

Beloved, thank you for your prayers. Our Kate's health is improving by the day. She can now sit by herself, and she is now able to tolerate liquid diets. We are thankful for the improvement that we have seen. Please continue to pray for her complete healing. Please, continue to keep our other sick children in your prayers. We appreciate the Lord for the services of MoM Medical Centre, Lokoja. We appreciate you for your constant prayers too.

Kate and "Daddy" Daniel

Our other sick children

Our children from Otutulu attended this year's Christian Missions in Many Lands Children Camp. Another group of our children from Otutulu and Lokoja participated in Holiday Bible School organized by Children Evangelism Ministry Lokoja. Please pray that the Lord will cause the seeds that have been planted in their hearts to grow and bear fruit.

Yours in Christ,

Daniel.
