Christmas finery.

Nigerian New Year Greeting

We are also thankful that enough money came in to fund **Igala Bibles** for all the MoM children of school age. (We still need to raise the remaining \$26,250 needed for publication.)

Recently the MoM school children had exams in their Bible classes. Those who did well were rewarded with **plastic 5-gallon buckets**. Just look at their happy faces! If these children are excited to get a bucket, just imagine their joy when they receive their own copy of the Bible.

We so appreciate your prayers and financial support. We could do so little without you!

Thank you for your partnership!

Esther Nordman (for Ministry of Mercy)
