Daniel & Anibe Edeh

Mercy, Joe, and baby Daniel

Daniel and Anibe are GRANDPARENTS!

Their daughter Mercy married Joe Farris two years ago, and on Leap Year Day 2020, they were blessed with the arrival of Daniel Farris.

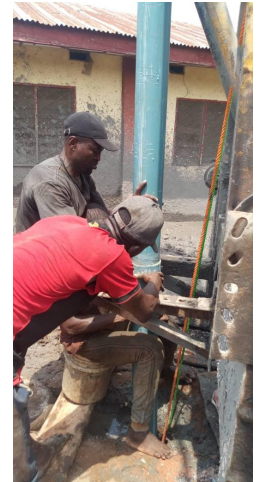

Praise the Lord for a safe delivery for both mother and baby.

Praise the Lord that Daniel and Anibe were granted visas and got to the States just in time to welcome their first grandchild.

Prayer Need. Nigeria is, for a time, banning entry to people coming from countries with 1,000 or more COVID-19 cases, which includes the USA. Now they wonder how and when they will be able to return to Nigeria!

The long awaited borehole at Otutulu has been drilled.

We are thankful for the many, many individuals who gave for this special and essential project. It took over a week to drill 100 metres down to the water table. What a messy job it was.

A system including a pump, supply pipes, and holding tanks needs to be set up. And as you might have noticed, the walls of the boys' dorm need a good cleaning. Now the orphanage has a supply of good clean water. Praise the Lord with us!

Prayer Need. The crew drilled a second borehole -- near the large unfinished multi-purpose chapel not far from the school, but they did not find water there. Ask our gracious God to enable them to drill a productive well nearby.

Thank you, thank you, thank you for your part in supporting Ministry of Mercy Orphanages.

In Christ,

Esther Nordman
