

## **Porras Family Prayer letter**

Manuel, Yorleny, and Andy

January 2023

*This is the trust we have in him, that if we ask anything according to his will, he hears us.*

1 John 5:14

Dear Brothers,

Receive a big hug from us and at the same time we wish you a Happy New Year 2023, loaded with the richest blessings of the Lord for your lives and those of your families, and that each day the purpose of the Lord is fulfilled in each one of you.

We want to invite you to accompany us with your faith and prayers, to take our petition together to the Lord, for donors to be able to buy a 4x4 vehicle, since the roads of the indigenous communities are made of ballast or stone and this has affected our car that is not suitable for these roads.

Another factor that affects us is that we can not move the team and the things we must move to carry out the courses because space in our current car is small.

***Our current vehicle***

We have sought advice from our mechanic on a vehicle that may be suitable for our ministry, so he advises us that a Hyundai Galloper Year 2001-2002, could be of great support for its machine, capacity and is economical in fuel and spare parts.

Its approximate value is \$ 7000, we pray that the Lord will dispose the hearts of people who want to sow in our ministry and this will be of great help to continue planting in the indigenous communities of Costa Rica.

If you want to make a contribution for this petition you can do it through Partners in Joy ([www.partners-in-joy.org](http://www.partners-in-joy.org)) and indicate that it is for the Porras Family and specifically for this project.

Thank you very much for joining us in 2023 and together doing God's will reaching out to indigenous communities.
