

## *Porras Family Prayer Letter*

Beloved brothers and sisters in Christ, we trust that you are well and pray God's grace and favor upon you. We share with you our prayer letter containing plans for the coming six months because we know the importance of support in prayer. Thank you very much for praying.

God willing, in the month of July we will be entering a Bribri community called Guanacaste in the region of Ujarrás in Buenos Aires,

Costa Rica. They have a relatively new church, but with a lot of desire to bring the gospel, so they opened their doors to us so that we can support them with training (biblical foundations, sewing, baking, training Sunday school teachers). Lord willing, for the next six months we will be going there the third week of each month for three days. In the map attached at the end it is located at number #11

At the end of August and the beginning of September, I (Yorlenny) will travel to Colombia where I will meet with three classmates who are in a master's degree program in Pro-META and our mentor, to go over the final topics in preparation for writing our theses.

At the beginning of October Manuel and I will work for a week with the Singular ministry. They train people from different ministries for a period of three months. They conclude their training by allocating the students in an indigenous village to practice what they've learned. They asked if their students could serve with us either in youth

ministry or children's ministry in one of the indigenous communities where we have worked. This is the second year for us to help them, and we have seen how God has opened doors to do activities in schools in the community. The practicum will be held in the indigenous community of Térraba, on the map it is located at #7. For reference, our home is halfway between San Jose and #14.

At the end of October, we will work for a week with a missionary family that provides support to pastors of the Cabécar indigenous area under Chirripó, on the map it is located at #10. They asked us for support in teaching practical courses such as baking and reading architectural plans.

Please pray that the Lord will give us His wisdom, new strength, health, and also pray for protection in travel since it is winter and the rivers rise a lot. Pray that the Lord will guard us and that the car will not give us mechanical problems. Also please pray that He will continue to provide financially, and for our children and their walk with Christ. For every pastor and community where we will be, may the seeds bear fruit in their time.

Thank you very much for walking with us in this beautiful work where together we carry the message of Christ.

Manuel, Yorleny and Andy
