For thus the Lord commanded us, saying, "I have placed you as the light of the nations, that you may bring my salvation to the farthest parts of the earth." Acts 13:47

# News from the Bribri Ethnic Group

Dear friends, we want to tell you about the courses we are teaching in the Bribri ethnic group. God has been good, we have taught courses despite the high costs and difficulties, but God has been faithful and provided us with what we need, using each one of you. We want to extend our thanks and encourage you to continue together to carry the Lord's plan to the ends of the earth.

## Theological Foundations

We started our course with 10 students. God blessed us with a good atmosphere, student participation, and many dynamics and practices. We managed to arouse interest and the students are eagerly anticipating the next course on August 20.

## Youth Leadership

We are very grateful to God for this new course in Las Brisas. This time we are including a youth leadership course. It is a blessing to this congregation.

### Pastry

We have 9 women participating in the pastry course with great desire to learn, although few have an oven. But those who do not have one are very willing to put into practice what they learned, even if it is in paila (metal pot) and cooking over firewood. It is beautiful to see how they are already thinking about generating money to buy the missing materials. In the devotional we talked about Dorcas, a woman who left her mark on the lives of many with her gifts and love for people in need.

### Sunday School Teachers

In this class the techniques of evangelism were worked on. They liked the dynamics and story of the garden, the curtain and the cross. Now they understand that discipleship is a process that continues through all of the Christian life and into the last day of their lives.

They participated, I felt more free to do many things and give the class even more dynamic. They are very motivated to be taking their first Sunday School course. They have never taken such a course.
