

Happy 2020 from Ministry of Mercy!

With great excitement we congratulate you for a successful entry into the new year. It's not just a new year, it's a new decade! We wish you a great and fulfilling year/decade ahead. We pray that God the maker of 2020 will make it into a vehicle of blessings for you.

It is also quite symbolic for us at Ministry of Mercy that MoM Medical Center had her first child delivery for the year 2020 on the first day of the year. Annabel is her name, born through a cesarean section on account delayed onset of labor and a previous cesarean section scar. Her expected day of delivery (EDD) was 13th day of December 2019 but labor never came. Beyond the EDD, such women can be given a chance up to 2 more weeks to see if labor would start spontaneously. Her extra two weeks elapsed but labor was not forthcoming. Her previous cesarean section scar on the uterus would not let us induce labor for her. Another C-section was the way forward. A few hitches led to a little more delay and eventually surgery took place on January 1, 2020. She was delivered of a live baby girl weighing 3.9kg. Mother and baby are doing well. Could it be that Annabel noticed from heaven that 2020 is going to be a

great year and decided to wait till new year day? Then she is right. The name Annabel in Hebrew means “He (God) has favored me”.

The secretary to the state government paid a visit to our medical center on this particular day to mark the new year celebration. She visited baby Annabel. God has indeed favored Annabel.

We chose to say that God has favored Ministry of Mercy and her partners and friends like you this year. We pray for a rain of divine favors this year in Jesus name.

Sincerely Yours,

Dr. Odiba Friday,

On behalf of

Mr. Daniel Adujo Edeh

Director, Ministry of Mercy Nigeria Incorporated
