

And though we are many, we all eat from one loaf of bread, showing that we are one body. (1 Corinthians 10:17).

Pastry Course

The pastry course is not limited to teaching different methods of making bread, the students also share their struggles and the joys that each one experiences. This month we talked about Mary and Martha and about what can be learned from each and the things that students must work on in the light of the Word to see fruit in their lives.

Beloved brothers! It is a joy to be able to tell you about the great things God is doing within indigenous communities and with each student. It fills us with joy to see a great desire to learn in each student, and it is encouraging to see the changes God is making in their lives.

Theological foundations

The theological foundations course is providing tools for church leadership and pastors. The Bible shows who God is and reveals His plan for indigenous communities and it helps each leader understand his purpose of teaching the Word of God.

An Answered Prayer

For several months we requested prayer for God's provision of a 4WD car. Praise God, He moved in the hearts of a number of people to donate, and through their gifts He provided this car! We can now travel the rough roads to the communities with greater ease!
