“We are God’s handiwork, created in Christ Jesus to do good works, which God prepared in advance for us to do.” Ephesians 2:10 (NIV)

Omele is one of the students from MoM studying in the US. Her name is pronounced "O" as in the letter O, "may" as in the month of May, "lay" as in the chips. She recently went back to Nigeria to visit her home, Ministry of Mercy at Otutulu. How happy she was to see all the children and staff as well as her birth family.

She jumped right back into the action, caring for babies day and night. She brought extra love and joy to the children and a little respite to some of the “aunties” even though she lost quite a bit of sleep.

She dearly loves babies and wants to have a career helping them. Nigerians tend to aim high, and those who are Christians draw strength and hope from the Lord in the pursuit of their goals. Just look at what the older Edeh generation has accomplished by the grace of God.

Omele has a law degree from Nigeria and is focusing her studies in the US on international relations. Possible career options include Alternative Dispute Resolution, Human Rights with the UN, or children's welfare with UNICEF.

She is aiming high, but that does not mean she will forget about Ministry of Mercy. Having a career of this caliber would mean that Omele would be able to make a difference in the world, and also send money back home to help everyone at MoM.

Omele sent me a photo and wrote: *"I have attached a picture of me when I was three years old holding baby Enejo that Mama [Caroline Gross] took...It is my passion to be part of MoM and when I see old pictures like this it gladdens my heart as it confirms that right from my young age I have had this passion."*

Please pray for Omele, the other students, and each member of MoM. Ask the Lord to guide and provide so that each may be able to do the good works which God prepared in advance for him or her to do.

For all the children and staff,

*Esther Nordman*
