Brothers in Christ

Esteemed brothers:

Beloved brothers and sisters, receive a warm embrace from us. We express our gratitude to you for your support for our lives and ministry. We deeply desire that you are well in all areas of your life.

Job 14:7

For if the tree were to be cut down, there is still hope for it; It will still sprout and grow new branches.

From Monday, November 8 to 10, we taught our penultimate course in the Boruca indigenous territory. We are so amazed at what the Lord has done and will continue to do in the lives of students both in the practical skills (baking) and in the biblical courses.

Today we see the students' lives sprouting, being renewed by the love of Christ and his mercy, with the longing to teach others. Let us accompany them with our prayers.

Thank you very much, brothers!
